Dear Mr. Spadaro,

Mt Adams Chamber of Commerce, serving Western Klickitat county businesses and visitors, would like to express our support for the Broughton Landing project and resort.

We believe that the proposed project will have a positive impact on furthering the economic growth and development on our county and local towns as well as our business members. After reviewing your presentation, the board unanimously agreed that this will have a direct influence on promoting tourism, while maintaining the scenic value of the gorge.

Sincerely,

Carl E. McNew  
President  
Mt Adams Chamber of Commerce
